Late Work Policies:

You have one week to complete any In class work/projects/tests upon returning after which it will be marked as a zero. If the absence is extended or there are exceptional circumstances, the student should meet with me to discuss an extension **prior** to the deadlines set above.

After one week, students will be required to serve a 9th block prior to handing in the late assignments such as in class work/projects.

Test Retakes:

If a student fails a summative assessment and needs to retake it, they must schedule a retake plan with me. This consists of a 4 consecutive day plan which includes 3 study sessions to relearn/review the unit objectives. Students take the test on the fourth day.
