CAPS: Comets After-school Program for Students

Session II : November 13, 2023 - February 8, 2024

Student Name _____ Grade _____ Teacher _____

This year marks the 22nd year of the after school program at Bellevue Elementary. We are proud to offer this program for Bellevue Elementary students. CAPS provides the opportunity to have your child stay at BES Monday through Thursday until 5:10 PM for extended learning opportunities at a very economical cost. This is the registration form for the second session of CAPS for the 2023-24 school year. During this time your child will have an after school snack, drink, extended academic learning time with emphasis on homework completion, and participate in an activity of their choice. There are three CAPS sessions throughout the school year, each lasting approximately 10 weeks. Number of session meetings are determined by the school calendar. CAPS does not meet on early dismissal days. For multiple children in a family, the second enrolled child pays half. Students may sign up for any session regardless of their participation in previous sessions.
