

The Weekly Comet Update

From Tom Meyer, Superintendent of the Bellevue Community School District

Believe in the Blue! Believe in Learning! Believe in Bellevue!

Winter Weather Alerts

If weather conditions dictate an unplanned late-start, early-dismissal, or a day with no school this will be e-mailed to parents, placed on social media (Facebook and Twitter), along with on media outlets KCRG, KWWL, KWQC. Additionally, it will be on the Maquoketa radio station and Dubuque radio stations. On days with no-school this decision is typically made before 6:00 AM (6:15 at the latest).

NO School/Early Dismissal

- February 10 & 11 - 3-Hour Early Dismissal for Parent-Teacher Conferences. Information will be coming from the school buildings in regard to the schedule for conferences. We will be utilizing the same schedule of conferences as last semester, with the option for “Zoom” meetings as an option for families who do not wish to or cannot attend in person.
- February 12-15 - No School
- April 2-6 - No School (Spring Break)

COVID-19 Updates

The Bellevue CSD is still seeing some isolated COVID-19 cases with both students and staff, with 9 total for the two groups combined in quarantine at this time. Additionally, the district is still working to mitigate the pandemic and its impact through various actions in the building. All students, staff, visitors, and others are required to wear a mask in the building during the school day when 6-foot social distancing cannot be maintained, along with wearing a mask at all times during events.

Public School Advocacy

Recently I shared material online in regard to the importance of appropriate school funding for the public schools in Iowa with public funds from Iowans. Ultimately, I believe public funds need to be used for public purposes, and not diverted toward private schools. Some specifics:

- 94% of Iowa’s students are educated in public schools.
- Public funds should require accountability and transparency. Non-public schools are not held to the same standard of accountability and transparency.
- More than \$65 million in state tax dollars already support the education of students in private and home school settings.

This is not about Bellevue, but about the state of Iowa and the potential negative impact on funds for public education.

Staff Member Highlight

This week’s Comet staff member highlighted is **Rebecca Lahey**, who is a secondary English Language Arts Teacher. Some specific highlights about her include the following:

Ms. Lahey always enjoyed reading and writing, and had a very influential English teacher in high school. This influence inspired her to get into teaching and make a positive difference in the lives of students. She finds the relationships she develops with students to be the most fulfilling aspect of her job as she works to assist students in thinking critically about their choices and compare fictional stories to their real life experiences.

Additionally, Ms. Lahey is engaged and is getting married in October 2021.

Bellevue Elementary Makerspace

The Bellevue Elementary School has placed a focus on STEM and creativity. Students code robots during their time in Makerspace with Mrs. Kellogg. Ultimately, this is the beginning of the study of coding/computer science for many students in this hands-on and interactive environment.

BELLEVUE COMMUNITY SCHOOLS by the NUMBERS

"The primary aim of education is not to enable students to do well in school, but to assist them to do well in their lives outside of school."

9.6 Enrollment Percent Increase in Bellevue CSD enrollment since 2015

22.4 Percent Increase in Bellevue Elementary enrollment since 2015

40.0 Percent Increase in Bellevue Preschool enrollment since 2015
